

AustriaTech-Newsletter, issue 06/19

Dear readers,

there's no summer break in sight, because numerous events and activities are going to happen in the next weeks: Automated Mobility will be a very present theme in autumn - on a national level as well as on an international one. C-Roads presenting new developments and the next ITS conference is knocking on our doors.

Read below what you'll have to expect in autumn.

Follow us on our social media channels to stay up to date!

Enjoy reading,

Your AustriaTech editorial team

Mobility Innovations

AustriaTech supports innovation processes that deal with current and future challenges within the mobility system. These require new approaches, solutions and system changes. [>>> more](#)

"Fulfilling ITS Promises" – This was the 13th European Congress

In June 2019 the ITS European Congress took place in Eindhoven. The congress, organized by ERTICO–ITS Europe, offered participants the opportunity to get to know and actively discuss the latest developments in the ITS sector. Once again AustriaTech participated in the congress on current ITS developments and projects. [>>>more](#)
