

smart mobility newsletter, issue 2/18

February 2018

Dear partners and interested parties,

another update for you from the smart mobility world. An exciting discussion on automated driving will take place in Graz at the end of March, Transformation Mobility Lab initiative is enriching the landscape of the Mobility Labs in Austria and there are still exciting Technical Tours left for you to book during the TRA 2018.

Enjoy reading!

Your smart-mobility Team

Special High Level Industrial Round Table at TRA: EUROPE ON THE MOVE

The first Industrial Round Table at TRA 2018 invites Europe's transport industry to discuss ideas for meeting tomorrow's transport challenges. It's being held at the opening session and will focus on how European industry can help create a sustainable transport system. One of the main topics will be on how European policy is able to support companies as they develop new innovative solutions to create the transport system of the future. [>>> more](#)
